## **Go Ape Announces “Kids Go Free” on Sunday October 2**

*Purchase one adult ticket (18+) and book up to two kids (ages 10-15) for FREE*

FREDERICK, Md. (Sept 20, 2016) – Go Ape, the nation’s premier Treetop Adventure company, has announced they will be hosting “[Kids Go Free](#)” on October 2, 2016 at their 15 locations nationwide.

Participants can purchase one adult ticket (age 18+) on the [Treetop Adventure courses](#) and book up to two kids (ages 10-15) for free. On the [Treetop Junior courses](#), which are available in select locations, all supervising adults are free when booked with a child.

Go Ape Treetop Adventure Courses inject fun and exhilaration into everyday life by giving guests the unique opportunity to experience the park from an otherwise unobtainable vantage point. The course provides two to three hours of challenge and fun.

“Go Ape is an incredible way to share a unique outdoor experience with family and friends,” says Go Ape Managing Director Dan D’Agostino. “Both parents and kids love seeing that strong sense of accomplishment as they overcome the course’s obstacles together.”

All of Go Ape’s U.S. courses are located in public parks and revenue generated is shared with the park. The courses are also designed and built to minimize any impact on the trees and the environment. Go Ape uses clever braces that grip trunks and expand as the tree grows. All trees are inspected annually by independent arborists to ensure their continued health.

### **About Go Ape**

Go Ape’s mission is to encourage everyone to live life adventurously while treading lightly in the most beautiful places and spaces in the U.S. A Go Ape Treetop Adventure Course is an outdoor experience that provides participants two to three hours of outdoor fun and exercise. Courses allow participants to explore the park from an otherwise unobtainable vantage point while navigating through the treetops using zip lines, obstacles and Tarzan swings. A love of the outdoors and our desire to share that passion demands that we take care of our little corner of the forest. From donating our time and resources to local community and environmental groups, to providing a unique view from the treetops, we strive to be socially and environmentally responsible. All of Go Ape’s U.S. courses are located in public parks and giving back to the parks and community is a significant aspect of our values. For more information and to book a visit, visit [www.GoApe.com](http://www.GoApe.com).
